

# Veefin named The leader in 'Wholesale Transaction Banking, Supply Chain Finance' by IBS intelligence

Contact us

IBSi announced that Veefin has been recognised as an industry leader in the SLT Leader Special Awards under the category of Wholesale Banking Transaction - SCF [Link to the report](#).

IBSi's SLT is a thorough and independent assessment of numerous vendors across the globe. "Veefin signed the most deals for SCF among all vendors in 2022. The vendor primarily signed multiple deals with leading banking and FIs across the APAC and the Middle East", quoted IBSi.

**"We are happy to witness banks and FIs adapt to the Veefin platform so quickly. This recognition highlights our innovation and contribution towards the industry and further reinforces our belief in the future potential of SCF digitization", states Mr. Raja Debnath, MD-Veefin Solution Ltd.**

## About IBSi Sales League Table

About IBSi Sales League Table: The IBS Intelligence Annual Sales League Table (SLT) is the industry-acknowledged barometer of global banking technology vendor performance. Now in its 22nd year, IBSi has been reporting the Sales League Table based on the number of system sales achieved by vendors around the world. The 2023 edition included systems purchases made by over 500 banks and financial institutions across 170 products from 57 vendors across the Americas, Europe, Middle East, Africa, and APAC. The number of deals accepted this year was 1,250+, across 134 countries globally. For more information visit -<https://ibsintelligence.com/sales-league-table/>
